This letter is a testimonial in regard to American Credit Association and Mr. Loren Zeidman. I am the office manager for my husband's medical practice in Troy and we have used the services of American Credit for many years. We have been very happy with their services and results. Some of the accounts we send to collection are very difficult and many times I expect to never see any monetary return. But Mr. Zeidman and his company are experts at collecting many long overdue accounts for us. They do this in an extremely professional manner and in a timely fashion.

I recommend American Credit to any company that is looking for a collection agency that is highly successful in their efforts to collect money that is due to you. They are hard working, honest, and efficient. I am extremely pleased with the job they do.

Sincerely,

Gail Kearney
